# Advanced ACE-V Applications for Fingerprint Examiners

April 23-27, 2012

Denver, CO

5 Days | 40 Hours | Tuition \$600.00

Glenn Langenburg, CLPE, CSCSA

### Local Contact:

Courtney Maher  
Colorado Bureau of Investigation  
719-253-3814  
[Courtney.Maher@cdps.state.co.us](mailto:Courtney.Maher@cdps.state.co.us)

### Class Location:

Denver Police Academy  
2155 N. Akron Way  
Denver, CO 80238

### Lodging for this Class:

Doubletree by Hilton—Denver  
3203 Quebec Street  
Denver, CO 80207

303-321-3333 - In-House Reservations, Group Code RSA

A block of rooms has been reserved at a rate of \$114.00 / night for a single and includes complimentary breakfast.

### Target Audience:

This is a more advanced and complex course, with some assumption that the student has previously been exposed to the basics of ridgeology, ACE-V, Daubert issues, distortions, and complex analyses. Ideally the student will have a minimum of 2 years in latent print work or 8 years in 10-print work. The course deals with complex issues such as “uncertainty”, “error rates”, “cognitive bias”, and “complex distortions”. As such students should come prepared

to hear new views and see new research on these topics. This course is recommended for agencies dealing with issues of meeting accreditation requirements specifically related to documenting and understanding the process of ACE-V or finding new ways to deal with the criticisms in the 2009 NAS report of forensic sciences.

### Attendees Should Bring:

A fingerprint magnifier and notebook are required for this class. Dress is business casual.

Course 9 of 12 in our Friction Ridge—Latent Curriculum

This course is approved for IAI certification/re-certification
